

**General Atomics
Electromagnetic Systems Division
Carl Fisher**

Company Information

**General Atomics
Electromagnetic Systems Division
3550 General Atomics Court
San Diego, CA 92121-1122**

**Area of Expertise
(related to the BAA)**

Advanced Technology Applications

**Power Distribution Systems
Power Conversion Systems
Propulsion Motors and Drive Systems
Linear Motors and Drive Systems
Pulsed Power Systems
Advanced Electromagnetic Technologies**

Previous Relevant Accomplishments

Integrated Fight-Through Power (IFTP) System

Electromagnetic Aircraft Launch System

Superconducting DC Homopolar Motor & Drive

US Navy Rail Gun

Magnetic Levitation Transportation Systems
